BioDIMENSIONAL®

BIOCELL® TEXTURED

BioCURVE™ SHAPED, FULL HEIGHT

SALINE-FILLED BREAST IMPLANT

ANTERIOR DIAPHRAGM VALVE

- Offers the benefits of McGhan Medical's BIOCELL® texture in a shaped saline-filled breast implant.

- BIOCELL® texturing is designed to promote tissue adherence which, in some cases, may help maintain proper implant placement.¹

- BioDIMENSIONAL® planning techniques provide consistency and predictability.

SIZE	CATALOG NUMBER	A WIDTH	B HEIGHT	C PROJECTION
195-205cc	27-468196	10.0cm	10.5cm	4.0cm

PRODUCT SUPPLIED STERILE

Please see package insert for additional product information.

NOMINAL DIMENSIONS

Implant dimensions are measured with the implant placed on a flat surface. Not every implant will conform to the dimensions given. Slight variations may occur.

FILL VOLUMES

Following the recommended fill volumes can decrease the possibility of shell wrinkling and crease-fold failure.

ASK ABOUT OUR BioDIMENSIONAL® RECONSTRUCTION AND AUGMENTATION EDUCATIONAL KITS which thoroughly explain dimensional techniques. These kits include a monograph, surgery video tape, templates, calipers and a measuring tape.

BIOCELL and BioDIMENSIONAL are registered trademarks of McGhan Medical Corporation. BioCurve and ConfidencePlus are trademarks of McGhan Medical Corporation.

These products are covered by one or more of the following U.S. Patents: 4,455,691; 4,472,226 and 4,859,712 and/or foreign patents corresponding thereto.

CAUTION: United States Federal Law restricts this device to sale by or on the order of a licensed physician.
